

- Build large constructions
- High quality material

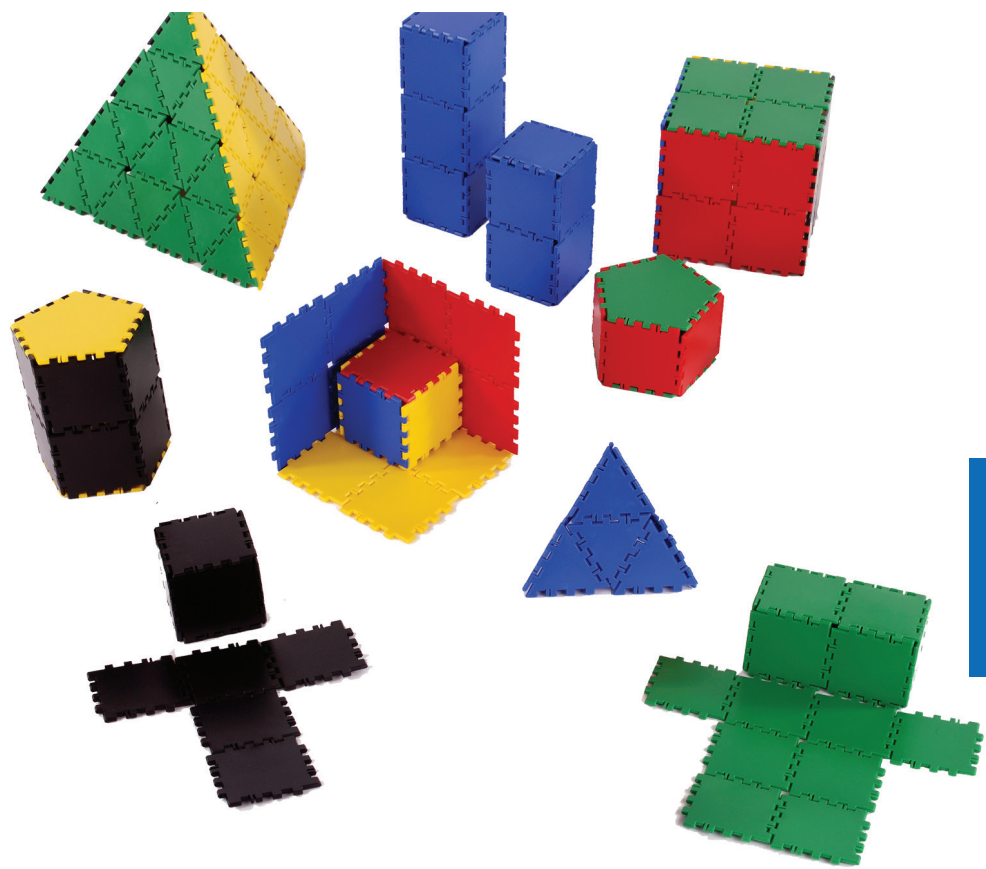

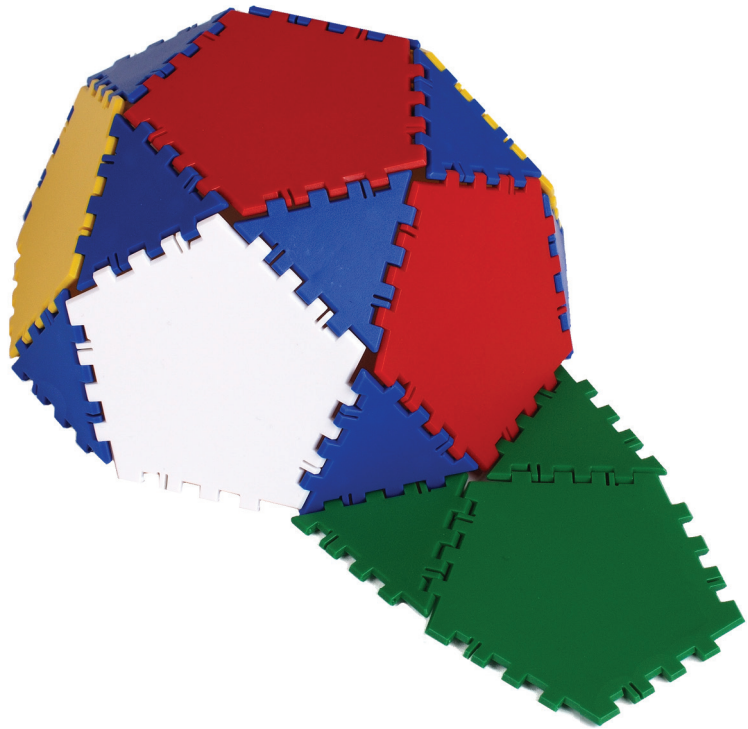

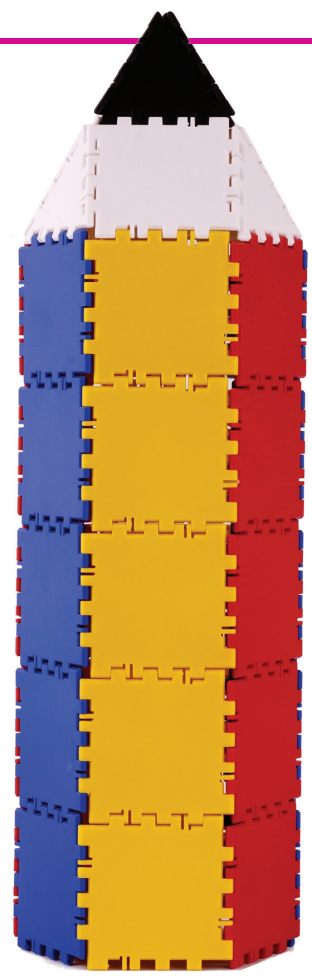

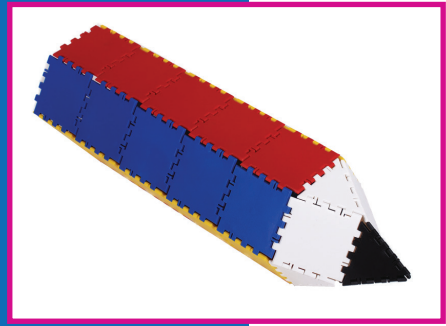

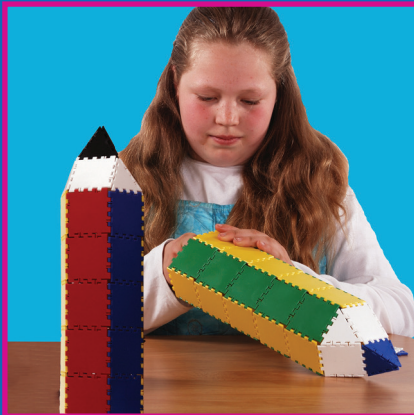

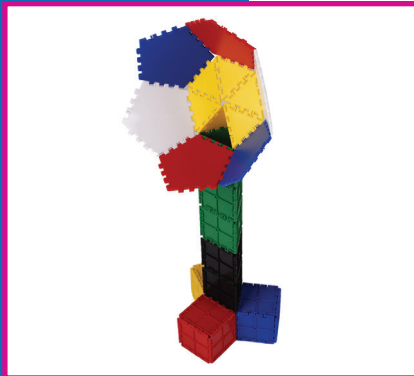

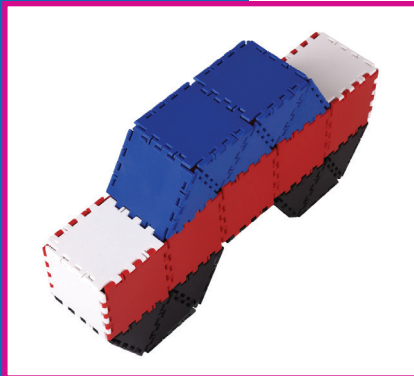

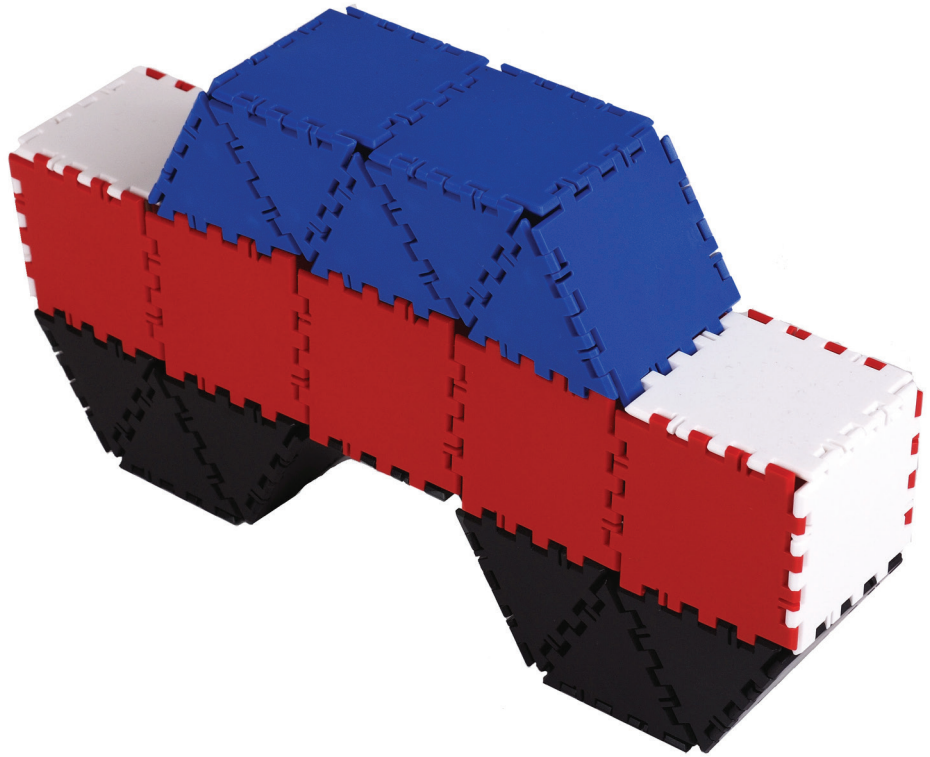

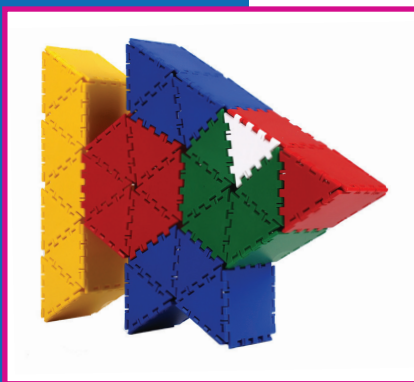

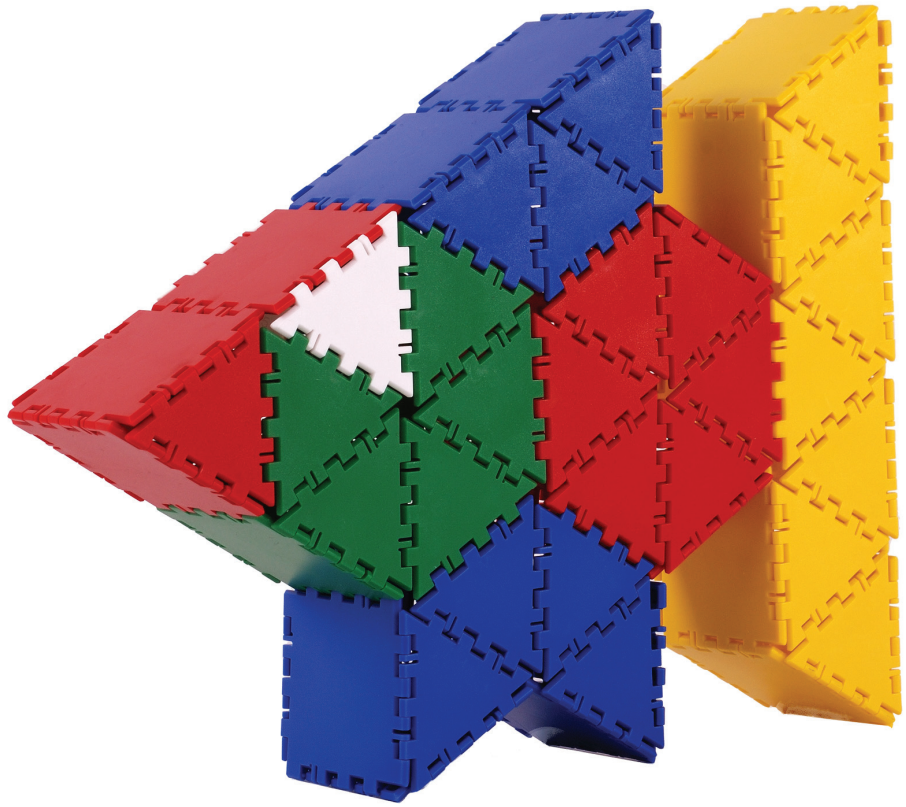

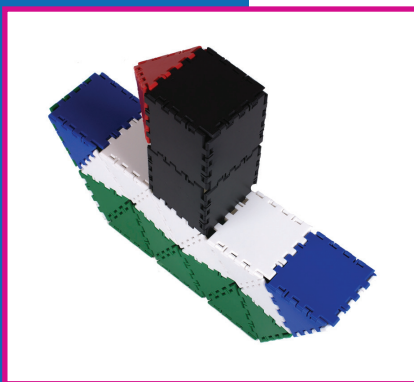

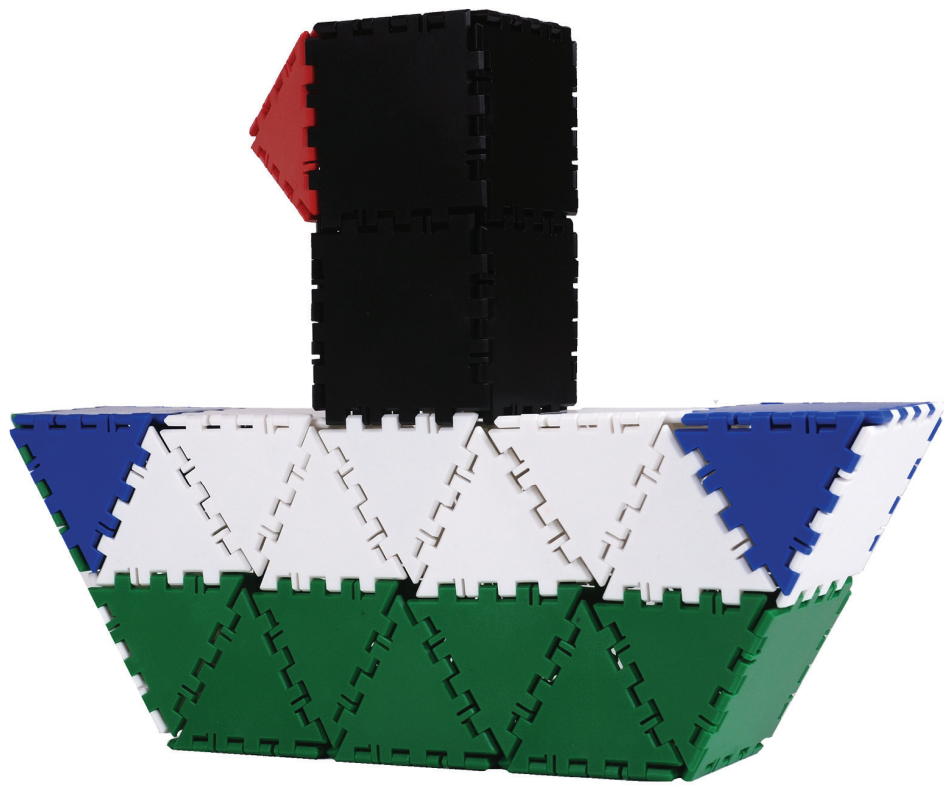

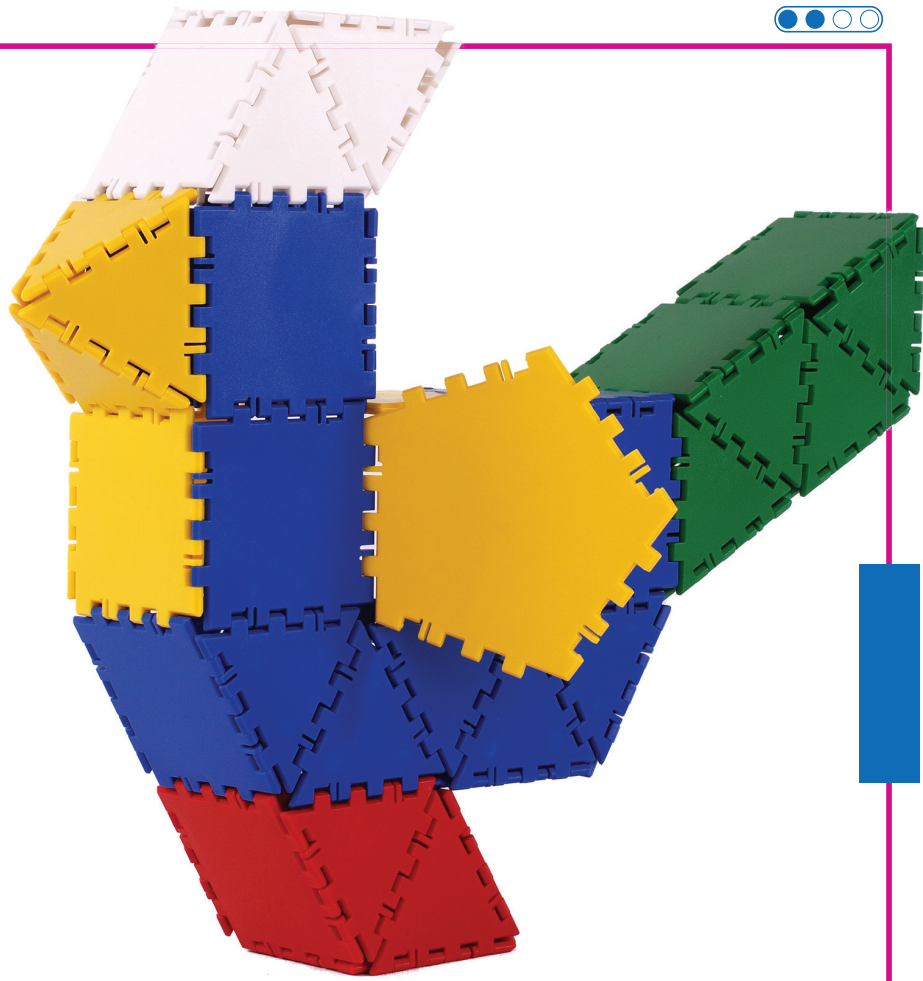

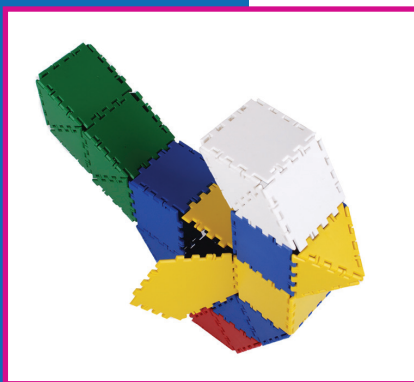

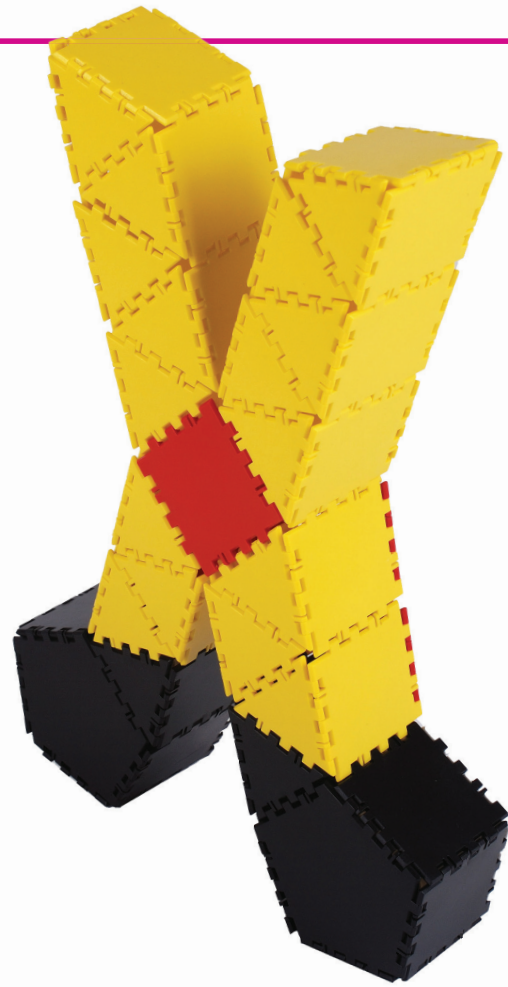

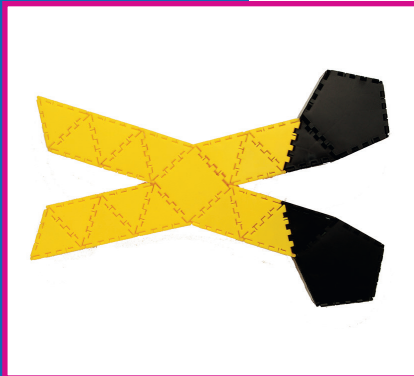

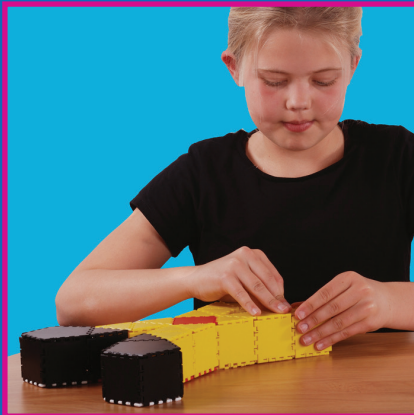

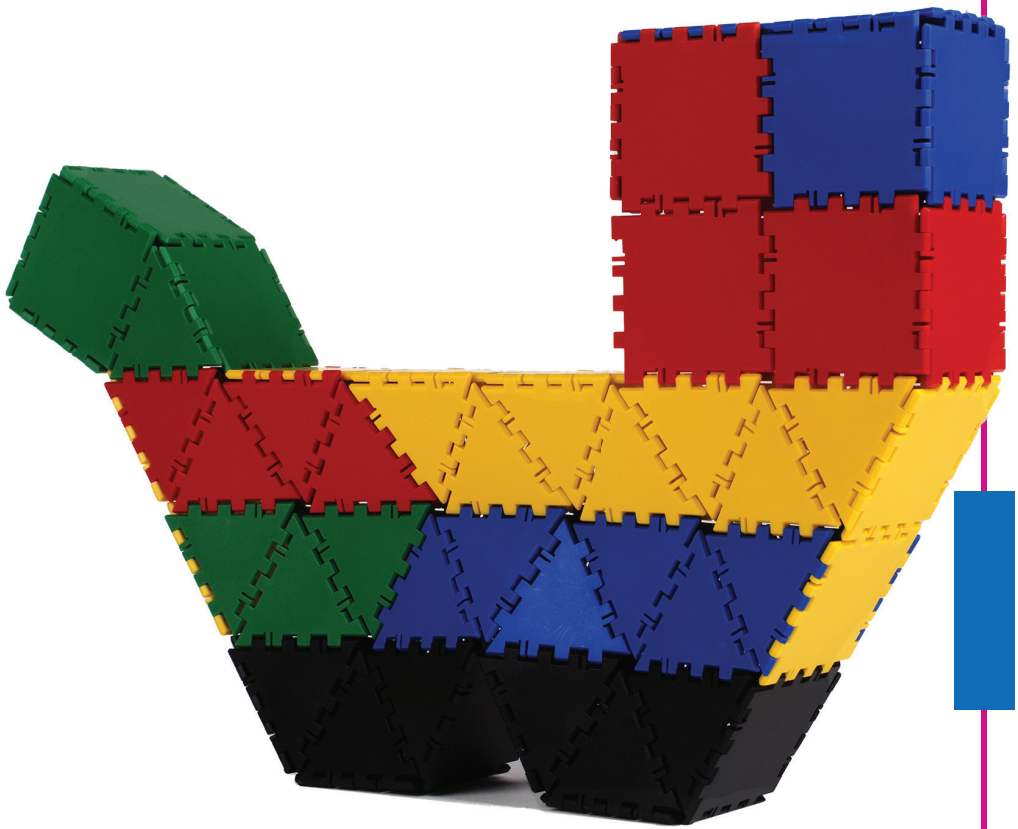

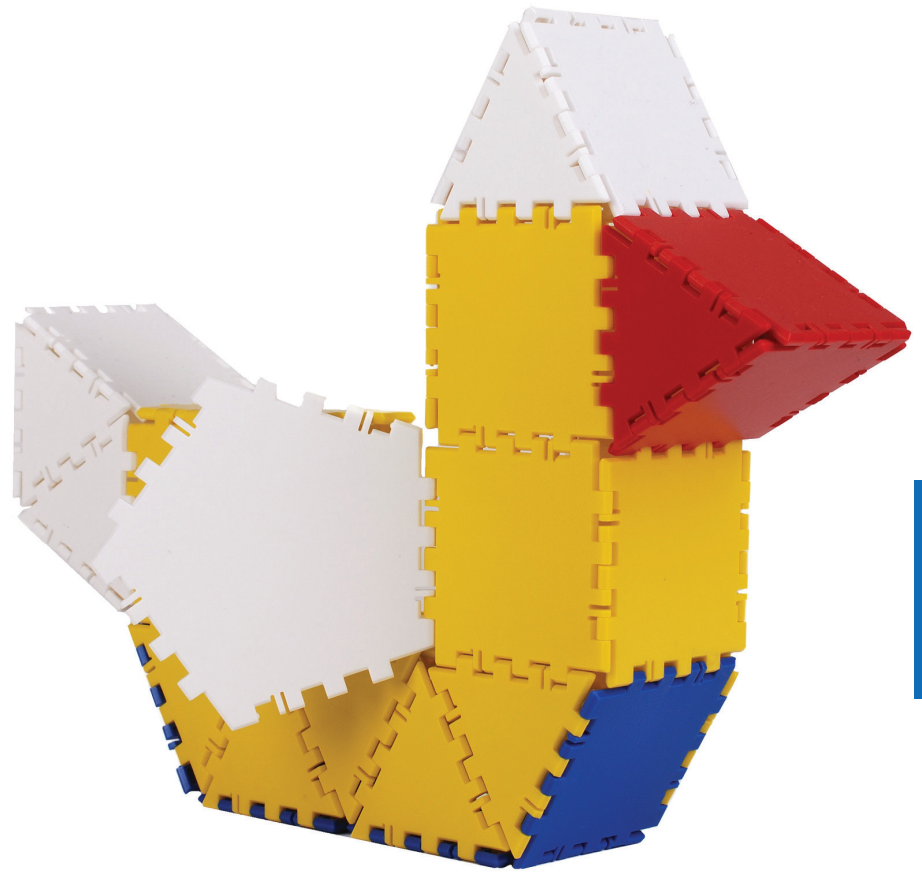

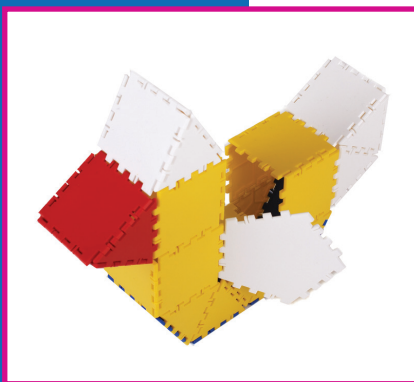

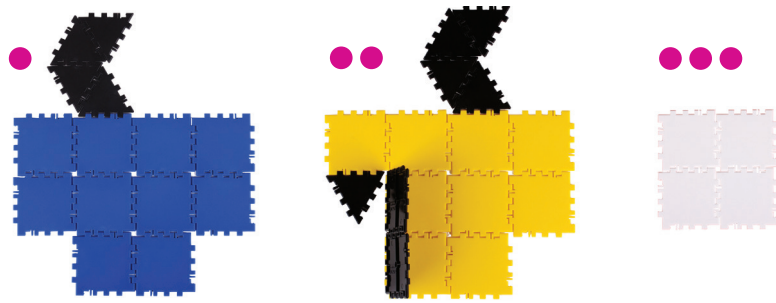

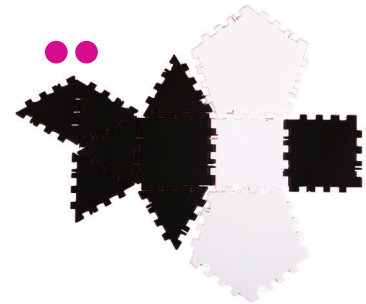

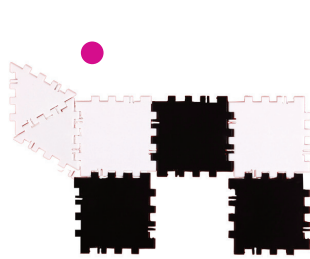

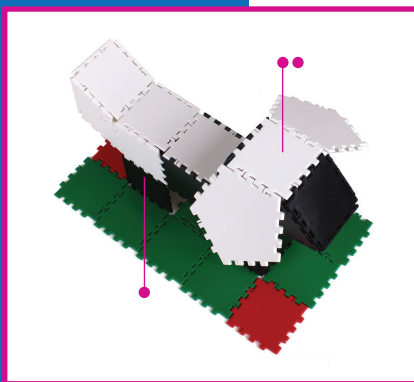

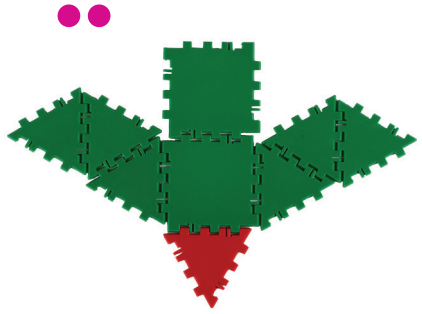

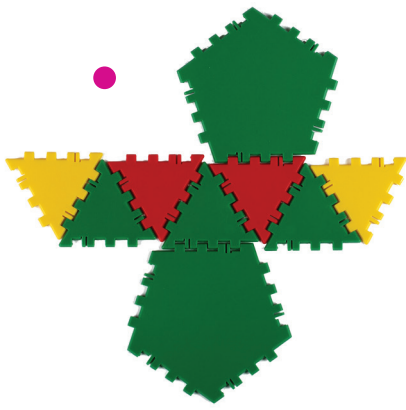

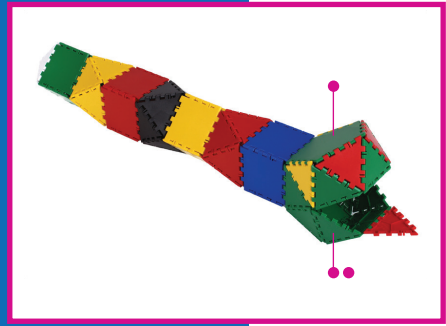

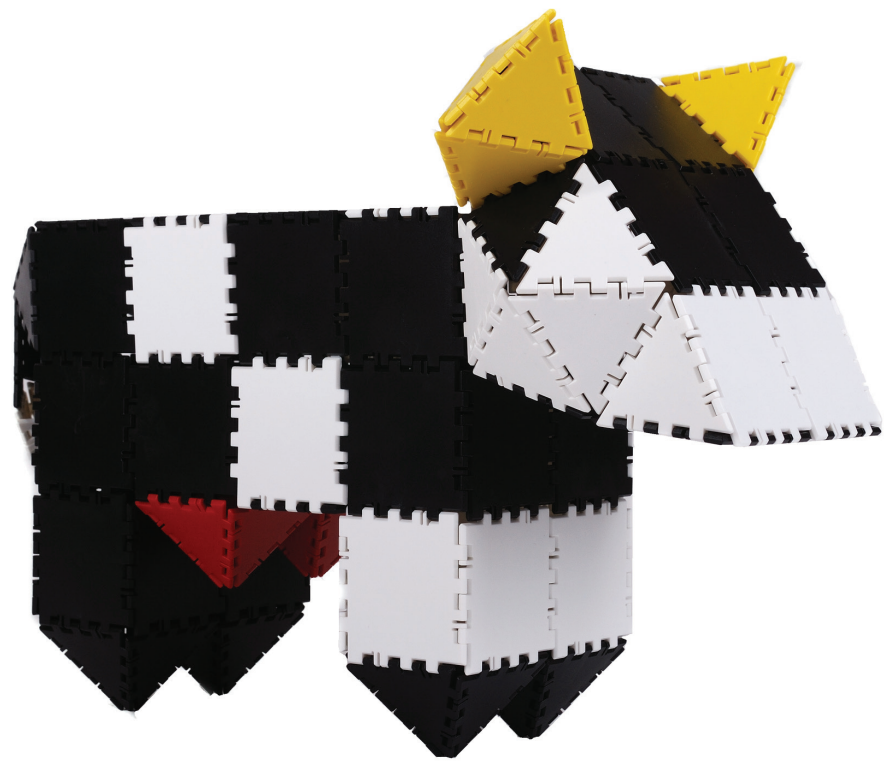

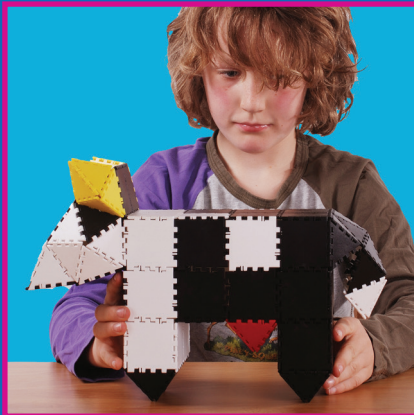

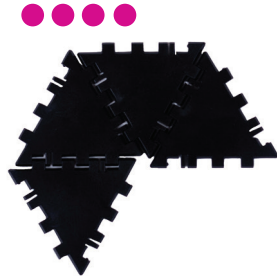

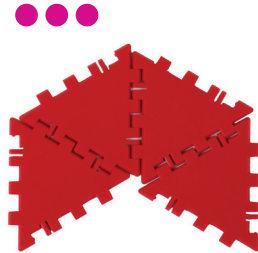

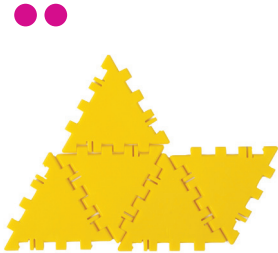

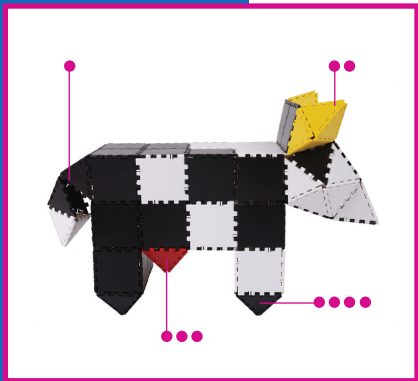

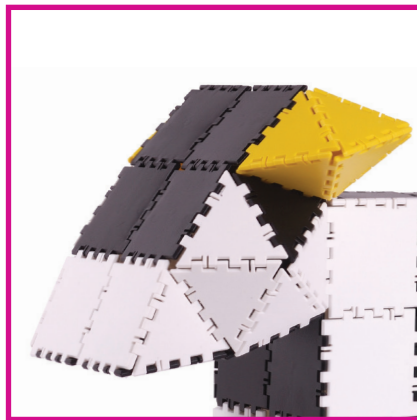

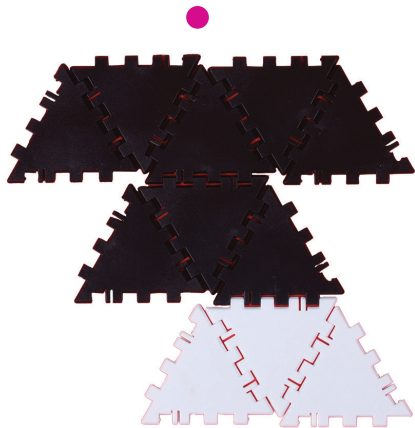

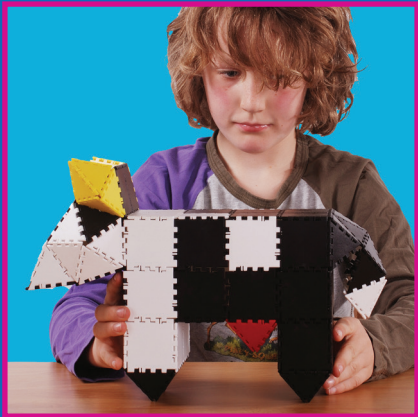

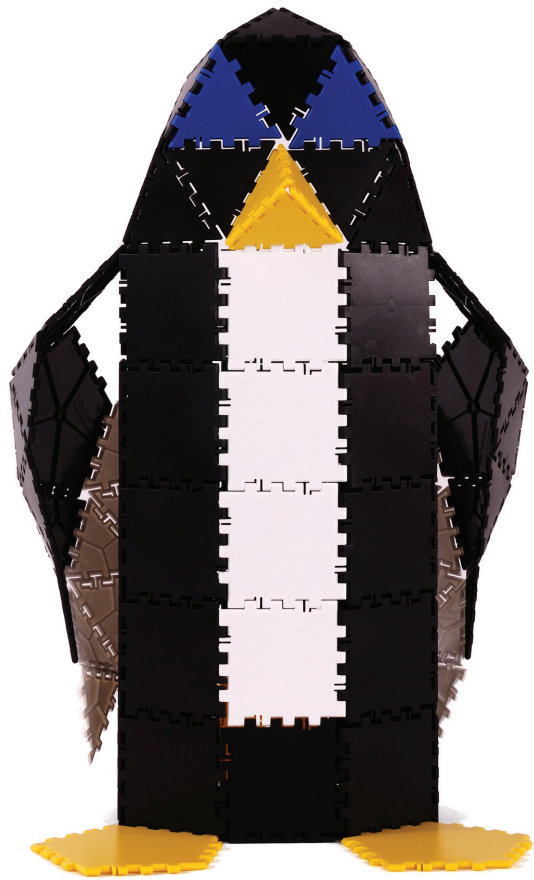

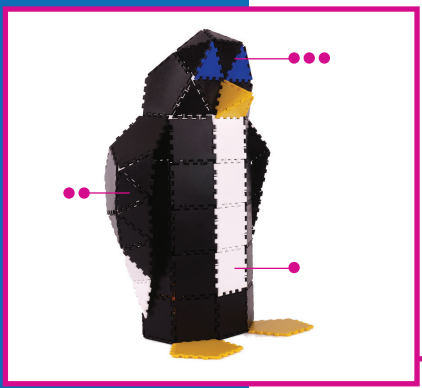

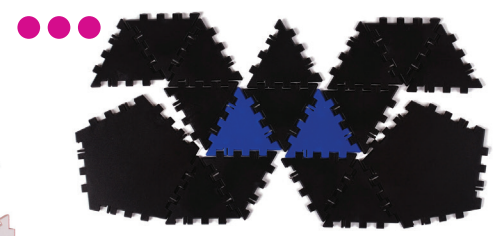

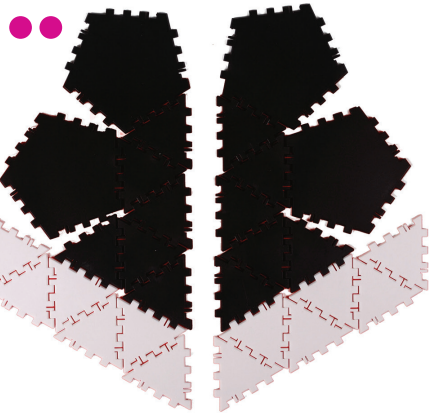

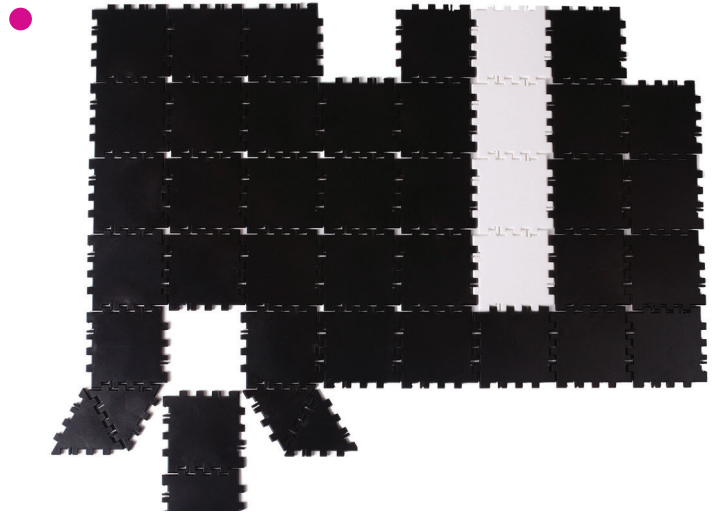

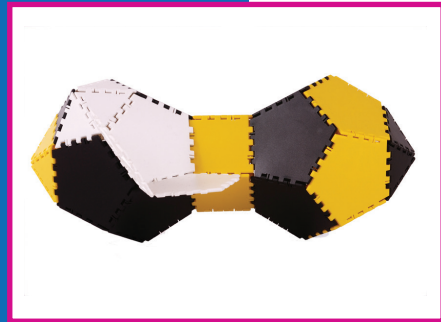

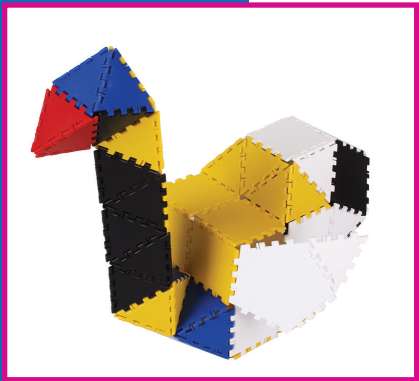

LOKON

Ref. no. 3088100

Goal

- learn to plan your activities
- stimulate spatial insight
- develop problem solving skills
- stimulate fantasy

Lokon is a construction material with which children can make large simple shapes. It is compiled of 3 basic parts: triangle, square, pentagon.

These shapes stimulate creativity and provide a possibility for the development of technical and mathematical insight.

The booklet shows a large number of inspirational examples.

LOKON

Ref.nr. 3088100

Doel

- leren om planmatig te handelen
- stimuleren van het ruimtelijk inzicht
- bevorderen probleemoplossend denken
- stimuleren van de fantasie

Lokon is een constructiemateriaal waarmee kinderen eenvoudig grote vormen kunnen maken.

Het bestaat uit 3 basisstukken: driehoek, vierkant, vijfhoek.

Deze vormen prikkelen de creativiteit en zorgen voor de ontwikkeling van technisch en wiskundig inzicht.

Het boekje geeft een groot aantal inspirerende voorbeelden.

LOKON

No. réf. 3088100

Objectif

- apprendre à agir de façon méthodique
- stimuler l'aptitude spatiale
- favoriser la réflexion visant la résolution de problèmes
- stimuler la fantaisie

Lokon est un matériel de construction avec lequel les enfants peuvent composer simplement de grandes formes.

Il se compose de 3 pièces de base: le triangle, le carré, le rectangle. Ces formes stimulent la créativité et éveillent les aptitudes techniques et mathématiques.

Le manuel donne un grand nombre d'exemples inspireurs.

LOKON

Ref.nr. 3088100

Ziel

- Erlernen von planmäßigem und methodischem Handeln
- Stimulierung räumlichen Denkens
- Förderung des problemlösenden Denkens
- Anregung der Fantasie

Lokon ist ein Baumaterial, mit dem Kinder auf einfache Weise große Formen zusammenbauen können. Es besteht aus 3 Basisteilen: Dreieck, Quadrat, Fünfeck. Diese Formen regen die Kreativität an und fördern die Entwicklung des technischen und mathematischen Verständnisses. Das Büchlein enthält eine Vielzahl inspirierender Beispiele.

LOKON

Nº ref. 3088100

Objetivos

- aprender a proceder metódicamente
- estimular la inteligencia espacial
- fomentar el pensamiento orientado a la solución de problemas
- estimular la imaginación

Lokon es un juego de construcción con el que los niños podrán crear fácilmente formas grandes. Consta de 3 piezas básicas: triángulo, cuadrado, pentágono.

Estas formas estimulan la creatividad y fomentan el desarrollo de los conceptos técnicos y matemáticos.

El librito contiene una buena cantidad de ejemplos para inspirarse.

ロコンブロック

三角・四角・五角形の3種類の平面ブロックを組み合わせて、様々な立体を作ることができるセットです。
立体の組み立てを通して、自由な創造性を刺激し、立体・空間を把握する力を育みます。
組み立てのアイデアがたくさん詰まったブックレットが付属しています。

対象年齢: 4歳以上

内容: 五角形 6色×各2枚、四角形 6色×各10枚、三角形 各6色×各14枚、組み立て補助パーツ×1、アイデアブックレット×1
